ICISSET 2024, organized by the Faculty of Science and Engineering in association with the Center for Research and Publication at International Islamic University Chittagong (IIUC), is a multidisciplinary international conference. Building on the success of the 2016, 2018 and 2022 editions, the conference aims to provide a unique platform for scientists, engineers, professionals, researchers, and students to share their latest research findings in areas such as Computer Science and Engineering, Electrical and Electronics Engineering, Telecommunication Engineering, Pharmacy, Environmental Science, and other relevant fields. ICISSET 2024 envisions fostering collaboration between researchers from academia and practitioners from the industry to address contemporary challenges through innovative solutions.
